## LETTERS FROM CORRESPONDENTS. Around the County in Seven Days.

The Experiences of the Past Week  
Told in Detail by Eccentric  
Correspondents.

KANSAS.—  
KANAS, Utah, Feb. 12, 1902.  
Editor Times:

Training is at a standstill now for the want of snow or dry roads.

Post day was observed here last Friday instead of two weeks ago.

Elders L. V. Price and Edward Thomas filled appointments at Heberville and Coalville, respectively, Sunday.

The council meeting was held last Sunday evening and was a success. Elder Price spoke at the meeting on M. I. work.

President C. A. Callis and Louis Park visited Francis' ward in the interest of their respective associations last Friday evening.

The meetings are the rule and not the exception in Kansas, with some of the few folks have entered them it is well worth visiting.

The meetings are the rule and not the exception in Kansas, with some of the few folks have entered them it is well worth visiting.

Elder William F. Kirby, the M. I. missionary, spent a few days here recently. He has been an energetic worker in the good cause the past five months.

The meeting of the Good Samaritan Society was held at the residence of Eldred F. Larson, Price, Feb. 22d, at 10 a.m., instead of Kansas. All members of that chapter are requested to be present.

A general bell was given at Carpenter's last Saturday evening, it being a success.

The services of the First Presbyterian Church were held on the previous Saturday evening for the year, and a handsome sum set aside for the poor.

It certainly took faith and works for the home missionaries of Summit Stake to fill their appointments last Sunday. From Coalville to Woodland, or vice versa, was a long Sabbath day's journey—something like the journey from Dan to Beersheba in old testament times.

MARION  
MARION, Utah, Feb. 12, 1902.  
Editor Times:

Snows are very scarce up this way, but sand is plentiful.

Ben Mitchell and Will Pack are very busy at work on the former's new house.

Knob Anderson returned home from Park City last week, where he has been working for some time.

Dr. and Mrs. Vick are staying at El Dorado for a few days while the doctor does some work for Edward Stevens.

A Marion store changed hands this week. Peter Sorenson has taken J. G. Lambert's place and May Lewis has taken Paul Pack's place.

There is scarcely a home in town but what has some member of the family sick. The attendance at school is very small on account of so many of the children being sick with the measles.

PROVO.  
PROVO, Utah, Feb. 12, 1902.  
Editor Times:

There we may hope to do others will surely come home to rest.

Charity covers a multitude of sins and it may help us to remember this.

Their say the report is true, but we could not ascertain the fact for an interest in a leg press.

It doesn't help our own case, in the least, when the tide which lies low in against us—that is a fact.

He who stands his brother is bound to his reward. If one cannot say of one's brother, say nothing.

Now even in the wounded, yet are following words: "The morning in which the sun rises, verily, the salt, blood of us becomes in the preceding night, as he wrote it

down, dropped clear on the road and blazed it out forever."

He that would be good must show it by good works, not by word speaking.

Mrs. George Cradle has returned from a visit to her relatives in Salt Lake City.

Elder Thomas of Jesus Price—no, not Kramer—Stake, was a phenomenal speaker on Tuesday.

Elder Lemons of Marion and Elder Main of Heberville were here as home missionaries on Sunday.

Superintendent Hansen and Superintendent Welsh were here Sunday in the interest of the Sabbath school. Both spoke very encouragingly to the children. After school a meeting of the officers and teachers was held and some business was transacted. Miss Ellen Copier was also here in the interest of the Young Ladies. Come again, all of you, as we are glad to have you call and help us out in this small place.

WASATCH

WASATCH, Utah, Feb. 12, 1902.  
Editor Times:

Some improvements are being made on road houses.

Dr. Cannon and daughter, who have lived here, are in our midst again.

Elder Larson returned to Salt Lake Sunday. He came, Mrs. Peterson, and with him to go soon about time calling relatives.

Transports becoming quite numerous, the same weather seems to have thawed them out. Sunshine will be the next in the program.

Mrs. Anna Brown, who takes valuable all in church Sunday evening. Dr. French was telephoned for and relieved her of intense suffering. She is improving at this writing.

Mrs. Mary Hanson and children returned to the Park on the 11th. Her husband remained on account of the illness of his father, who is not improving as rapidly as could be desired.

Elder Moore has returned after an absence of three weeks. The time was spent in Nebraska and Missouri. He reports that the weather is much colder down there than here. He brought home with him a live opossum, quite a curiosity in this part of the country.

It is said that it is better to have the good will of a dog than its ill will. That depends on the kind of a dog it is.

There are some yellow dogs that don't deserve consideration, and if you make overtures they will bite you.

The Upper people seem determined to give it to us right in the neck. Let's see what we can stand if they can. Yet, sermons speaking, they are taking very many votes and that will be made public and in no uncertain words by the time they get through with them.

There will be a missionary benefit concert given here under the auspices of the Y. L. M. I. A. on Monday evening, February 24th, at the meeting house.

The program will consist of songs, recitations, concluding with the singing of "Antioch's Chanting." Admittance: Adults, 25 cents; children, 15 cents. A free lunch will be served after the entertainment.

## LETTER OF ACKNOWLEDGMENT.

Elder W. H. Cannon Writes a Good Letter to Coalville Sabbath School.

Dexter, Mich., Jan. 29, 1902.

Coalville Sunday School, Superintendent and Members.

Dear Brothers and Sisters—

Your welcome letter of January 29th and enclosed minister was thankfully received a few days ago. Words fail to express my gratitude toward you, one and all, for so kindly acknowledging myself and brethren. In return, I wish you a happy, prosperous new year—that health, peace and plenty may crown your daily walk. That the amount suddenly given will be multiplied many times in your hands, is the prayer of one who, though separated by many miles, is in spirit I present with you at the spiritual feast of the Sabbath School.

For such acts of kindness as these, we are rewarded to a certain extent by knowing that we have done good; that we have helped a fellow-servant to spread the truth, but, as the Apostle Paul said, "If this was our reward of hope we would be miserable." But, dear brothers and sisters, we have a greater hope; we have a know-ing that to every good act done here we are laying up crowns in heaven that when our life's race is run we can with Paul say: "I have kept the faith, henceforth there is laid up for me a crown of righteousness, which the Lord, the righteous Judge, shall give me at the last day." The Savior has said, "that he who gives even so much as a cup of cold water to one of the least of these will be rewarded richly."

I am well and enjoying my mission.

In this part of the vineyard, as I suppose it is in others, the laborers are few.

There is much work to be done. One

does not realize until he is called to take among a people who are armed with sin and not yet after the evils of the world. We are making some friends,

and one by one the honest in heart step out from the worldly people and covenant to serve the Lord.

I do not desire to preach a sermon at this time, but if a word from the mission field will help encourage the young people of Zion, especially the young men to be up and doing, then I will tell that I have done some good.

The work of the Lord is growing and young men are being opened up to the work. As a nation grows she needs more men to fight the battles.

As the nation advances more men are to be up to work. The work to be done is on the mountain and the valley between here and Castle Rock.
